

Dogwood Acres – New Environmental Education programs & Nature Center Grand-opening!

Greetings! We're pleased to update you about the partnership between Dogwood Acres and the Northwest Florida Environmental Conservancy! Through this new partnership we will offer an array of natural history programs, **field trips, special camps and events and ecotourism packages.**

Dogwood Acres has an extraordinary mix of habitat, geology, natural features, plants and animals. These interesting features of the camp will offer a unique setting for environmental programs, field trips, special nature camps and events. Our new educational programs and events will also begin in 2012.

We're also excited to announce that the nature center grand-opening is scheduled for Saturday, December 10th from 12:00 noon – 2:00 pm CST! Everyone is invited to attend.

We welcome your visit, involvement or volunteers from any members of your church congregation. We'd also like to sincerely thank Ron Pugh, Tommy Yates, David Green and Faron Dogget of the Euchee Valley Presbyterian Church for their hard work on the nature center alterations and improvements!

Enclosed for you are brochures and several websites are provided below with more information. Please contact us for more information, questions or to schedule programs or field trips to Dogwood Acres. Also, please pass this information on to anyone you think might be interested. Thanks & God bless!

Kevin Veldhuisen - **Camp Director & Director of Outdoor Ministry and Spiritual Development**
